

Contents

Preface	v
1 Computing Probabilities: Right Ways and Wrong Ways	1
The Probabilist	1
The Probabilist's Toys and Language	4
The Probabilist's Rule Book	9
Independence, Airplanes, and Russian Peasants	14
Conditional Probability, Swedish TV, and British Courts	20
Liar, Liar	24
Total Probability, Used Cars, and Tennis Matches	28
Combinatorics, Pastrami, and Poetry	33
The von Trapps and the Binomial Distribution	37
Final Word	43
2 Surprising Probabilities: When Intuition Struggles	45
Boys, Girls, Aces, and Colored Cards	45
Goats and Gloats	50
Happy Birthday	52
	vii

viii CONTENTS

Typical Atypicalities	57
Strategies, Shopping, and Spaghetti Westerns	61
The British Snob and I	65
Final Word	70
3 Tiny Probabilities: Why Are They So Hard to Escape?	71
Probable Improbabilities	71
Saddam and I	75
Taking Tiny Risks	80
A Million-to-One Shot, Doc, Million to One!	82
Monsieur Poisson and the Mysterious Number 37	84
Clumps in Space	89
Final Word	91
4 Backward Probabilities: The Reverend Bayes to Our Rescue	93
Driving Miss Daisy	93
Bayes, Balls, and Boys (and Girls)	96
Bayes and My Green Card	98
Objection Your Honor	103
Final Word	112
5 Beyond Probabilities: What to Expect	115
Great Expectations	115
Good Things Come to Those Who Wait	123
Expect the Unexpected	129
Size Matters (and Length, and Age)	132
Deviant Behavior	138
Final Word	143
6 Inevitable Probabilities: Two Fascinating Mathematical Results	145
Alea Iacta Est, Over and Over	145
Even-Steven? The Law Misunderstood	149
Coin Tosses and Freeway Congestion	155
Let's Get Serious	162

Bells and Bread	166
How a Toronto Quincunx Changed My Life	171
Final Word	173
7 Gambling Probabilities: Why Donald Trump Is Richer than You	175
French Letters	175
Roulette: A Classy Way to Waste Your Money	179
Craps: Not so Dicey After All	184
Blackjack: Money for Mnemonics	187
Math for Losers	193
Win Money and Lose Friends	200
Final Word	210
8 Guessing Probabilities: Enter the Statisticians	211
Lies, Damned Lies, and Beautiful Lies?	211
4 out of 10 Like the President 19 Times out of 20	215
Polls Gone Wild	220
The Lawsuit and the Lurker	225
Football Players and Geyser Eruptions	230
Snooping in the Abbot's Garden	237
Final Word	242
9 Faking Probabilities: Computer Simulation	245
Mahogany Dice and Modular Arithmetic	245
Random and Not-So-Random Digits	252
Number One Is Number One	253
Is Random Really Random?	256
Final Word	261
Index	263
